

SIP N' SCAN

Join us for a **VIRTUAL STUDY CLUB** from the comforts of your home or office.

This study club will be beneficial whether you are new to scanning or researching the purchase of a scanner.

Topics to be discussed:

- *Introduction to scanners: An overview of different scanner options. Trios, Primescan, Medit
- *Scanning & ROI: practice benefits
- *QuickStart: getting up and running, scheduling, maintenance, schedule planned out, how to clean and sanitize, administration phase/material/shade/calibration.
- *Creating a digital workflow and how to implement a digital workflow.
- *How to scan faster and more accurate. Tips N' Tricks
- *Patient scenarios- trouble shooting
- *Selecting a Lab: input for labs, search feature, how to off load cases, save to STL file.
- *Common errors when sending to a lab and how to avoid these.
